this is a sample workflow description

3. Other metadata and settings

Tags

Here you can add tags to **describe** this Workflow.

Tags:

Build up the list of tags below by adding from the two different boxes further below

None

Add one or more tags manually (separated by commas; click on 'Add' to add to the list):

Add

Add from your existing tags in myExperiment (click on tag to add):

You have not tagged anything yet

Credit and Attribution

Defaults: you are the only person who gets credit; no attributions.

Here you can give **credit** to users/groups for this Workflow. For example, you can give credit to other users involved in authoring this Workflow.

You can also attribute the Workflows/Files that this Workflow is **based on** (if any).

Which users/groups get the credit for this Workflow?

Build up the list of credits below by adding from the options

Me [\[delete\]](#)

Select an option then click on 'Add' to add to the list:

- Me ([Richard Crane](#))
- One of my Friends
- A user on myExperiment who is not a Friend.
- A myExperiment Group

[Add](#)

If this Workflow is based on any existing Workflows or Files, please list them below:

Build up the list of attributions below by adding from the options

None

Existing Workflows on myExperiment:

Existing Files on myExperiment:

4: EBI InterProScan (Duncan Hull) 

4: Picture 3 (Antoon Goderis)

 Sharing

Defaults: anyone can view and download; no one is allowed to update; and not shared with any Groups.

Here you can specify who can **view** and **download** this Workflow on myExperiment.

You can also set **update** permissions for this Workflow. [Click here](#)  for more information.

You can also explicitly share this Workflow with your Groups.

Who can view and download this Workflow on myExperiment?

- Anyone can view and download.
- Anyone can view, but only my Friends are allowed to download.
- Anyone can view, but no one can download.
- Only my Friends can view and download.
- Only my Friends can view, but no one can download.

- This is a private Workflow - only I can view and download (and any Groups I explicitly share with).

Who can update this Workflow on myExperiment?

Note that settings here take precedence over the Sharing permissions above. So those with updating privileges will automatically get to view and download as well.

- All those who can view AND download (from your View/Download permissions above).
- All my Friends.
- Some of my Friends
- No one else (except for me and any Groups explicitly given update permissions).

Share with my Groups:

- Haskins Test View and Download only

License/Rights

Default: Creative Commons Attribution-Share Alike 3.0 Unported License (<http://creativecommons.org/licenses/by-sa/3.0/>)

This section allows you to specify the **rights** that people have when they download and use this File, by setting the license.

What license do you want people to adhere to if they download and use this File?

Creative Commons Attribution-Share Alike 3.0 Unported License

<http://creativecommons.org/licenses/by-sa/3.0/>

Attributes: Permits Reproduction, Permits Distribution, Requires Notice, Requires Attribution, Permits Derivative Works, Requires Share Alike.

You are free:

- to Share — to copy, distribute and transmit the work
- to Remix — to adapt the work

Under the following conditions:

- Attribution — You must attribute the work in the manner specified by the author or licensor (but not in any way that suggests that they endorse you or your use of the work).
- Share Alike — If you alter, transform, or build upon this work, you may distribute the resulting work only under the same, similar or a compatible license.

With the understanding that:

- Waiver — Any of the above conditions can be waived if you get permission from the copyright holder.
- Other Rights — In no way are any of the following rights affected by the license:
 - Your fair dealing or fair use rights;
 - The author's moral rights;
 - Rights other persons may have either in the work itself or in how the work is used, such as publicity or privacy rights.
- Notice — For any reuse or distribution, you must make clear to others the license terms of this work. The best way to do this is with a link to <http://creativecommons.org/licenses/by-sa/3.0/>.

4. Terms and conditions

By uploading/creating this content, you agree to the following terms and conditions:

You are responsible for any content that you upload. You may remove your content at any time. We may make copies for operational purposes. This service is governed by the [JANET Acceptable Use Policy](#). Takedown requests will be reviewed by the myExperiment Management Committee. The sharing functionality is under beta test. Please contact us for further information about Terms and Conditions.
